Child safety seat - Wikipedia A child safety seat is a seat designed specifically to protect children from injury or death during vehicle collisions. Most commonly these seats are purchased and installed by car owners, but car manufacturers may integrate them directly into their vehicle's design and generally are required to provide anchors and ensure seat belt compatibility. LATCH in Vehicles with 3 Rows - The Car Seat Lady This page will give you information on the number and location of the lower anchors and tether anchors for ALL minivans and 3-row SUVs since 2000 (yes, that's a lot of vehicles, and a lot of information!) Search for a Child Restraint Recall | Safercar.gov | NHTSA The most recent recall was published on May 2, 2018. This listing is managed by the Recall Management Division, Office of Defects Investigation Enforcement, and updated whenever the agency publishes a child seat recall, or when new information is added to a recall record.
